Motion: David Luongo

Second: Louis Jenkins

- H. HDNL Little Four Fall Soccer Championship Exception 504H c)
INFORMATION
Commissioner reviewed with the committee the exception granted to allow an automatic entry from the HDNL Little Four in fall boys' and girls' soccer since the league only has three schools who will conduct soccer in the fall.

Attachment F

- I. Proposed Revision of CIF 502 – Competition vs. Non-CIF member schools
PASSED 4-0
Motion to support the recommended revisions of CIF 502, limiting competition with non-CIF members and/or schools who are not full members of a State Association, meaning not eligible for their state championship series.

Attachment G

Motion: Nancy Neu

Second: David Luongo

- J. Proposed Revision of CIF 211 and 303 – adding Continuation School
ITEM REMOVED FROM THE AGENDA
Motion to support the recommended revisions of CIF 303, which would add the opportunity for Continuation schools to participate in a multi-school agreement, with some restrictions, and therefore alter CIF 211, the current Continuation School bylaw.

We have never provided **schedules** for the NCS Alignment Committee; only the **alignment** of the Foothill and Shoreline League in sports with ten or more schools where we divide into two leagues with separate schedules. We have also done it only at the end of a two-year cycle where we've made a decision in all three seasons-of-sport. Please let me know if you want it three times a year and whether you want it after the decision has been formally approved by the WACC Board or just after AD's have made the decision. Schedules have been on our website since mid-November

This said - the WACC Board has approved the following:

Football - Foothill: Berkeley, BOD, CV, Encinal, Piedmont, and S LE
Football - Shoreline: Alameda, Arroyo, Hayward, Mt. Eden, S LZ, and Tennyson
(Encinal and Tennyson swapped leagues)

Tennis - Foothill: Alameda, Berkeley, BOD, CV, and Piedmont (Five)
Tennis - Shoreline: Arroyo, Encinal, Hayward, Mt. Eden, San LE, San LZ, and Tennyson (Seven)
(Arroyo moves to the Shoreline)

Volleyball - Foothill: Alameda, Berkeley, BOD, CV, Piedmont, and S LE
Volleyball - Shoreline: Arroyo, Encinal, Hayward, Mt. Eden, S LZ, and Tennyson
(Alameda and Encinal swapped leagues)

I have attached the last WACC communication to the NCS Alignment Committee sent on May 31, 2016

Since the BFL has folded, choosing to play an independent schedule it is not possible to place OMI without causing issues with home and home agreements already in place for the 2018-2020 school years. In addition, the BAC has four schools with football, which meets the minimum criteria for a league.	Windsor		Tamalpais

Subject: RE: HDNL Fall Soccer Leagues

Jack,

Based on NCS Sports & General Rulings Handbook Bylaw 504H c), I hereby grant an automatic entry to the HDNL Little 4 based on geography. As a three team league for the 2018 soccer season the HDNL Little 4 will receive an automatic entry to the NCS Fall Soccer Championships in both boys and girls. I will share this approved petition with the Alignment Committee February 15th, but the petition does not need to be approved by any other party/committee. Please let your schools know the petition has been approved.

Sincerely,

Gil Lemmon, Commissioner of Athletics

Subject: HDNL Fall Soccer Leagues

Good morning,

ATTACHMENT F

At yesterday's HDNL meeting, action was taken to approve two separate soccer leagues for the 2018 Fall Soccer season for both the Boys and Girls:

The Big 5 consisting of the 5 Division 1 schools:

- Arcata
- Del Norte
- Eureka
- Fortuna
- Mckinleyville

The Little 4 consisting of the 3 Division 3 schools:

- Ferndale
- South Fork
- St. Bernards

There would be a designated League champion from both the Big 5 and Little 4 and both would be considered automatic qualifiers to the NCS Fall Soccer Championships.

What is the process for making this request to the Alignment Committee and what bylaws need to be addressed?

Thanks, Jack

ROGER L. BLAKE, EXECUTIVE DIRECTOR

Proposal Summary:

This proposal clarifies who CIF member schools are allowed to play. Schools would be allowed to compete with other CIF member schools or with schools who are members of other state associations and are eligible to play in their respective state playoffs. Implementation would begin in 2019-2020.

Background:

In recent years, CIF member schools have been engaging in competition with schools from other state associations who have membership in their state but are not allowed to play in their state playoffs. In some instances, these schools are not allowed to compete with member schools of their own state because they are not required to follow the same eligibility rules. This proposal would help to ensure that CIF member schools are playing other education based high schools and not academy like programs.

502. **NON-CIF MEMBER SCHOOL/CLUB TEAMS**

A. CIF member schools shall only compete with other member schools of the CIF and/or schools who are members of another state association/federation who are eligible to participate in their respective state association/federation playoffs (see Bylaw 705 for International Competition).

NOTE: Implementation would begin in 2019-2020.

~~B.A.~~ No school belonging to the CIF shall compete, scrimmage or practice with any team outside the jurisdiction of the CIF without the consent of the CIF Section involved. A school disregarding this rule may be suspended from participation in that sport as determined by their respective CIF Section. (See Bylaw 511)

~~C.B.~~ Sections may establish a policy, procedure and requirements for review of applications of CIF member schools wishing to compete with a Non-CIF member.

~~D.C.~~ If a CIF high school team is approved by their Section to compete against a non-CIF team in any competition, the activity shall be played under the high school rules for that sport.

~~E.D.~~ High school students or teams shall not compete or practice against other individuals or teams in football or wrestling unless the players or such teams meet the age requirements of the CIF. High school students or teams shall not compete or practice against other individuals or outside/club teams-unless the individual players and the individuals on the outside/club team meet the age requirements of the CIF.

~~F.E.~~ In order to grant athletic opportunities to students who attend schools that for a limited amount of time cannot afford to offer a sport, an outside team consisting of students from these schools may be formed and may scrimmage or practice against a CIF member school provided the following:

- (1) A district board or private school governance board states that a program is not affordable for a limited time to be designated by the district board or the private school board;
- (2) A district board or private school governance board requests participation for its students;
- (3) The league against which these teams plan to compete grants approval prior to Section approval;
- (4) Approval of the Section is granted;
- (5) Officials of the requesting school(s) must understand this request is granted for up to a two (2)-year term. An additional term may be granted if all provisions are met;
- (6) That schools and districts recognize that such outside teams are not granted status as league members nor do they qualify for league, Section or State playoffs or Championships;

(7) An administrator of one of the requesting schools agrees to accept responsibility and supervision of the team and agrees that students will meet eligibility requirements expected of students in CIF member schools.

CIF member schools shall compete with other member schools of the CIF and/or schools who are members of another state association or federation who participate in their respective state association or federation playoffs.

IMG ACADEMY SOCCER PROGRAM'S POSITION ON HIGH SCHOOL SOCCER

In the past the IMG Academy Soccer Program has not interfered with a player's decision to play high school soccer. However, all full-time students should remember why they chose the academy to begin with, full-time training. We recognize the value of school spirit and participation in extra-curricular activities, however the IMG Soccer Academy is here to develop players and help them reach their full potential. The past has proven that the double burden of our systematic approach and the number of high school games played in the short season are not optimal. We feel it is in the best interest of our athletes to follow our plan and periodization as prescribed in our yearly program.

The only logical solution is for the Academy player to commit whole-heartedly to the IMG Academy Soccer Program developmental plan and to refrain from high school soccer.

The IMG Academy Soccer Program considers missing our program due to high school soccer commitments to be detrimental to the total development of an IMG Academy Soccer Program player. The following is our rationale:

1. LONG TERM SOCCER ATHLETE DEVELOPMENT
 - Through the years of experience and consultation with some of the top minds in long-term athlete development, we have put in place a periodization approach that allows athletes to reach their full potential by following a systematic methodology of training.
 - The IMG Academy Soccer Program's goal is to create a logical balance between training and competition. It is our objective to train our athletes five times per each competition date. Allowing one day a week for rest. The sheer volume of high school games almost reverses this ratio and allows little time for training and no regeneration.
2. QUALITY OF TRAINING AND COMPETITION
 - Since the primary purpose of attending the IMG Academy Soccer Program is to partake in our training program it does not make sense for the IMG Academy Soccer Program students to forgo training for competition with high school programs that are often lacking in intensity and quality.
 - Missed training opportunities interfere with the rhythm of our program and players miss vital information that is necessary for their complete development.
3. LEVEL OF PLAY
 - Many games at the high school level are decided by the Florida state mercy rule, 10 goals. This indicates the level of competition in high school soccer is lower than that which we are aiming to provide as part of the IMG Academy experience. We feel that development through competition is best served when teams are evenly matched.

Type: Bylaw Revision**Next: 04/06/2018 – Federated Council Action****Proposal Summary:**

The Commissioners Committee is proposing revisions in Bylaws 211 and 303 that would change the opportunity of athletic eligibility of students attending a Continuation high school. This proposed change would grant the ability of a continuation student to gain athletic eligibility through a Multi-School agreement as long as the student's attendance at the Continuation school is NOT a result of discipline.

Background:

On January 27-28, 2017 members of the Federated Council were asked to discuss issues and concerns during roundtable discussions focusing on the future of Education Based Athletics and challenges that the CIF may face. The process concluded with the council prioritizing these future challenges and to offer strategies that might be implemented to address these issues.

One of the top prioritize eligibility concerns were "Home School, Foreign and International Students and Alternative School Students." This proposal is a result of the direction from the Federated Council to seek alternative paths for eligibility for students who attend a continuation school that is not a result of discipline.

211. CONTINUATION SCHOOL ELIGIBILITY

A. Current Eligibility

While enrolled in a continuation school **that is a CIF member school**, a student is only eligible to represent the continuation school of attendance.

303. MULTI-SCHOOL CIF MEMBERSHIP

303. F. Continuation Schools

Continuation schools may ~~not~~ apply for multi-school team status as provided for under this provision. **A student must participate for the member school in whose attendance area his/her parent(s)/guardian(s)/caregiver reside or the school in the district where the student most recently established residential eligibility prior to attending the continuation school entering the multi-school agreement. Students attending a continuation school due to disciplinary action that is in place or pending are not eligible to participate under this provision.**

For **other information pertaining to** continuation school eligibility, refer to Bylaw 211.

Q: If a student is attending a continuation school due to truancy, is that considered disciplinary action in place or pending?

A: No. For purposes of this Bylaw, truancy is not considered disciplinary action in place or pending as per Education Code.
